The alarm was gaining consciousness.

His remains were brought to this county Sunday and buried in the Brown burying ground, four miles east of town, in the presence of his six surviving brothers and two sisters and a host of friends.

Young Heavrin was a brother to Hon. M. L. Heavrin and a very pleasant and congenial young man, with had spent two years in the medical college at Louisville and had prepared to complete the course in the next two years. He had deposited enough money with his brother in Owensboro to complete his collegiate course.

His unfortunate death was a great shock to his brothers and sisters, for it seemed that there was an unusually strong tie existing between them. His funeral was preached at the grave by Rev. Bean.

FORERUNNER OF CONSUMPTION.

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results.

The four exercises autorium the significant is resulted.

is serious and far-reaching in its results.

The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress is rapid and destructive, and finally ends in consumption.

It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE,

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease.

S. S. S cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Polhill, of Due West, S. C., writes: "I had Catarrh, which became so deepseated that I was entirely deaf in one car, and all inside of my nose, including part of the bone,
sloughed off. When the disease had gone this far the physician gave me up as incurable. I
determined to try S. S. S. as a last resort, end began to improve at once. It seemed to get at the
seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than
seven years have had no sign of the disease."

S. S. is made of roots, herbs and barks of wonderful tonical and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.
